MATRIX AI NETWORK

Matrix AI Network was founded in Hong Kong in 2017. We built a high-performing blockchain and decentralized AI economy platform by leveraging data, computing power, and AI models.

Now, we're combining **Neuroscience, AI, and Blockchain** tech to create Avatar Intelligence (AvI) - a unique digital avatar that uses brain signals coupled with AI to perform tasks in a Web 3.0 virtual world.

We are reshaping the future using **AI**

The Matrix AI Network makes **artificial intelligence** accessible to everything!

MANAS — AI Service Platform

MANTA — Auto-ML Platform

MANIA — Assisted NFT Trading

MORPHEUS — ChatGPT Alternative

BIO WALLET — DID Crypto Wallet

Scalable

Fast Secure

AI-Powered

Hybrid PoW/PoS

New Version of Artificial Intelligence

- Launched: **2017**
- Symbol: **$MAN**
- Mainnet: **2019**
- Transaction: **28M+**
- TPS: **12,499**
- Total Supply: **720M**
- Circulating: **420M**

Brain Signals and Avatar Intelligence

MATRIX combines Neuroscience and AI to create personalized digital avatars.

Digital Human Avatar
USD 527.58 Billion in 2030

Capturing **brain signals** through non-invasive methods such as EEG or fNIRS

Processing the user's brain using **machine learning** algorithms to create a digital representation

The use of this digital representation to create a personalized avatar that can interact naturally and intuitively with the **metaverse** later on.

Roadmap

Milestone 1
Minting and authentication of brain wave data NFT, **and** computing power module in **Q1-Q2 2023**

Milestone 2
Brain wave data analysis and preliminary modelling, and phonetic and semantic recognition in **Q3-Q4 2023**

Milestone 3
The oracle machine goes online, modularised contracts, and Avatar Intelligence v1 demo in **Q1-Q3 2024**

Milestone 4
AvI open training features, and machine learning contract tools in **Q4 2024**
